THE HORRORS OF WAR

Another Chapter of Atrocities in Cuba.

ACTS ALMOST BEYOND BELIEF.

Another Weyler Is on Deck in the Person of Havana's Chief of Police—Death by Sharks For Suspected Persons—Salted Cod With No Drink For Prisoners. Other Cuban War News.

TAMPA, Fla., Oct. 7.—The following advices from Havana have just been received here. It is needless to say that they escaped the censorship of General Weyler:

Since Sept. 25 the patriots have remained in the outskirts of Guanabacoa and the Vibora (beyond Jesus del Monte, Havana suburbs) firing at the forts of both places. No news whatever of patriots can be published. Only the reports given by the censor can be published. The censorship is stricter than ever, proof that things are not favorable to the government.

Awful crimes are committed every night by order of Chief of Police Labarrera and Governor Porrua. Every night at the police headquarters some prisoners are taken out and put on the books as released. These individuals are guarded by one "celador" (police delegate) and two policemen, and taken in the night out into the sea and thrown to the sharks.

The last two drowned were an old man and a young man. On stepping in the boat the old man asked where they were bound to. The young man said: "Why, don't you know? We are going to be murdered." The policeman gave the young man a blow which knocked his eye out and then started. The prisoners never came back.

The reason why they are taken out of the harbor is on account of the immense number of sharks, which get hold of the bodies and leave no trace. Families living in Morro Castle and the Cabanas have made a complaint of the lamentations and cries they hear late in the night.

Last Thursday night three suspects were taken from prison, carried a few miles outside of Havana and shot to death.

Two men have been arrested as having placed an alleged bomb. They are kept at the police station and tortured to make them confess. The torture consists of feeding them with dry codfish and not allowing them any drink. No other food is allowed and they die of starvation if they refuse to eat the cod.

Both parties, Spanish and patriots, are burning sugar mills. Two weeks ago 19 were burned at Matanzas Province. In Havana Province all are being burned.

In Tapaste, near Havana, 30 Spaniards were overpowered and killed by the patriots. Troops came too late to the rescue, but entered the town and killed peaceful and unarmed people, among them the mayor, a Spaniard.

The Cuban leader, Lazo, took the town of Las Canoas and burned most of it.

Yellow fever and smallpox continue their ravages, both in Havana and throughout the island.

The manager of the united railways has been imprisoned, the nature of the charges against him is not made public.

DAUNTLESS PUTS TO SEA.

She Is Closely Pursued by the Revenue Cutter Boutwell.

JACKSONVILLE, Fla., Oct. 7.—The Cuban filibustering steamer Dauntless put to sea yesterday with the revenue cutter Boutwell close behind, under orders to see that she did not stop in the St. John's river to take on any of the arms or munitions that are stored up.

Before leaving port the captain of the cutter notified the captain of the Dauntless that if he made any attempt to run from the cutter while within the maritime jurisdiction of the United States he would sink her.

The captain of the Dauntless reported to the collector of customs that he was going to Brunswick to pull off the sand bar several vessels that were driven ashore by the recent storm.

It is regarded as almost a certainty that the Dauntless will go to Fernandino, take on a supply of coal and then go to meet the Laurada and transfer the men from the Laurada to Cuba.

The United States man-of-war Newark arrived off the St. Johns bar Monday night, with instructions to follow the three vessels, the Dauntless, Commodore and Three Friends, if they should cross the bar.

The captain of the Commodore has applied to the collector of the port for permission to put to sea. Collector Bisee has not yet granted the permission. One of the owners of the Commodore informed the collector that the steamer was going to sea and that if the cutter Boutwell attempted to stop the Commodore the cutter would better load with solid shot, for they did not intend to be bulldozed any longer.

American Citizen Set at Liberty.

HAVANA, Oct. 7.—Captain General Weyler has ordered that an American citizen named Ximeno, manager of the railroads at Unidos, shall be set at liberty.

Gold is now quoted at 15 1-2 per cent premium against the Spanish bank bills.

OLD MAN TRUSTY CONFESSES.

His Son Was Hired to Testify For Jackson and Walling.

NEWPORT, Ky., Oct. 7.—The case of John Seward, the detective, charged with subornation of perjury in the trials

of Jackson and Walling, was postponed yesterday. William Trusty, Sr., father of William Trusty, whom Seward introduced as a witness to swear that Pearl Bryan was found dead in Cincinnati and could not have been murdered on the Kentucky side of the river, made a confession, stating that certain attorneys offered \$500 for such evidence, and that Seward got his son to testify accordingly, and then kept all the money.

Sensational developments are now expected at the trials of Seward and William Trusty, Jr.

FIGHTING ON MADAGASCAR.

The Island Is Still Unconquered by the French.

KINGSTON, Jamaica, Oct. 7.—A correspondent of the South American and West India correspondence bureau who happens to be out in Madagascar at present, writes to the chief of the bureau at this center as follows:

The social and political condition of Madagascar at present is far from being in the state that the indifference of the last files of newspapers we have received would indicate. On the contrary, except where the French garrisons are quartered the island of Madagascar is in a perfect state of anarchy. Foreigners who have gone up the country from Majunga are having a lively, not to say thrilling, time of it. Sixteen Europeans and three Americans were killed between June and July, and since that time the road has been completely closed.

Compared with what we read in the latest files of New York papers, the war in Cuba is mere child's play to what is going on here. The rebels have to a great extent adopted the Cuban mode of warfare. Where they get their ammunition from is a mystery, but get it they do. Whenever they come across the military they fire upon them and then disappear as though the earth had swallowed them. At other times they play the part of brigands, attacking and slaughtering small convoys and outlying European settlements.

The French authorities are quite powerless to reach the rebels, and do the next best thing—ignore their operations.

In reality the French conquest is only official. They have secured the Hova queen and the government, 200 miles from the nearest port, but the independent and semi-independent tribes, living in the fastnesses of the mountains and forests, practically inaccessible to European troops, have it all their own way. The prospects held out to settlers of all nationalities are very seductive, but the best thing for intending immigrants to this new field of enterprise is to give it a wide berth.

ELECTION IN FLORIDA.

The Democratic Ticket Elected by a Large Majority.

PENSACOLA, Fla., Oct. 7.—A general election for state and county officials was held throughout Florida yesterday. There were three tickets in the field for state officers, Democratic, Republican and Populist, and also for county officers in nearly all the counties. The gold Democrats supported the Democratic ticket and there is no doubt of its success by a good majority.

In the election yesterday the Australian ballot system was used for the first time in this city. The result of the new system was very satisfactory and the election passed very quietly. Owing to the length of the ticket it is impossible to give the returns, but it is conceded that the Democratic ticket was elected by a handsome majority. Several important amendments to the state constitution were voted on, the most important being one to abolish October elections. It is believed that this amendment has been adopted.

Scattering returns from all parts of the state show Democratic majorities in every county, but afford no basis for an estimate of Bloxham's (Dem.) plurality for governor. No comparison of precincts can be made with 1892, inasmuch as in that year the Republicans had no ticket in the field. In most of the precincts heard from Sheath, Democratic candidate for superintendent of public instruction, runs far behind Bloxham.

NEXT I

International Harbers' Union in Session at Evansville, Indiana.

EVANSVILLE, Ind., Oct. 7.—The first biennial convention of the Journeymen Barbers' International Union of America convened in this city yesterday.

Mayor Hawkins welcomed the delegates to the city and in so doing paid a high tribute to organized labor, claiming to recognize the absolute necessity of labor unions which tend to elevate mankind.

President Miller was presented with a beautiful ivory gavel, mounted with silver ornamentations, by Secretary Klapetzky, in behalf of the delegates. Aside from the president's address very little was accomplished.

The union embraces barbers in the United States and Canada, and the meeting will last for several days. Heretofore meetings have been held annually, the one last year being the seventh annual and was held in St. Paul.

Thirty-eight states are represented at the meeting. The chief question of interest at this convention will be the agitation in favor of licensing barbers. San Francisco, Washington and Memphis have strong delegations working for the next meeting.

TIFFIN, O., Oct. 7.—Mrs. Olive Orwig of Flat Rock was sitting in her yard, when William Setchel accidentally fired a shotgun. The load struck her in the face and she may die.

OHIO MINERS IDLE.

Awaiting the Outcome of the State Convention.

VERY GLOOMY FOR THE FUTURE.

The Operators Declare That They Will Shut Down the Mines Unless the Miners Work For Forty-Five Cents Per Ton Until the Rate in the Pittsburg District Is Raised.

COLUMBUS, O., Oct. 7.—A telegram was received at the headquarters of the United Mine Workers of America yesterday announcing that the miners of the Hocking valley held a meeting and adopted a resolution to stop work until after the state convention is held on Wednesday afternoon to take action on the rates to be paid for mining in Ohio and at the same time requesting President Hatchford to call out all the miners in the state. President Hatchford is not in the city and has taken no action in the matter.

Chairman Chapman has not called a meeting of the operators' committee, but it is understood that they can be assembled within a short time in the event that an emergency arises. It is known that the operators will demand that the rate be fixed at 45 cents per ton for mining in order to permit them to compete with the Pittsburg operators and if this is not done the miners of Ohio will be compelled to remain idle until after the rate in the Pittsburg district is restored to the normal rate.

CAUSE OF THE COLLEGE FIRE.

One of the Choctaw Students Wanted to Go Home.

ANTLER, I. T., Oct. 7.—Superintendent Jetter has succeeded in getting at the bones and ashes of the four Choctaw boys burned in the flames of Spencer academy Saturday night and has buried them.

It has been ascertained that one of the students set the building on fire so that he could go home. On Saturday he tried to persuade another boy to help him. He had his trunk packed and downstairs when the fire was discovered. He will be tried in the United States court. Some of the articles burned belonged to white people in the house that was burned. The boy accused of the incendiarism is a half-breed Choctaw about 19 years old.

Bitten by a Pet Rattlesnake.

VANCEBURG, Ky., Oct. 7.—H. Q. Gorman, a farmer living on Salt Lick, was bitten by a rattlesnake one day last week and died in great agony. He captured the snake last spring, and after pulling the fangs it was made a pet and Mr. Gorman usually played with it. In taking it out of the box it struck him on the hand and death resulted in three days.

Death From a Fall.

PASADENA, Cal., Oct. 7.—N. O. Hopkins, formerly prominent in Missouri politics, where he represented Atchison county in the state legislature for three terms, died here at the age of 72. Mr. Hopkins' death was partly due to fracturing of the thigh bone in a fall from a street car about a week ago.

Smaller Fire Losses.

NEW YORK, Oct. 7.—The Journal of Commerce says that the fire loss of the United States and Canada during September amounted to \$8,200,550. The record of 1896 to date shows a total which is about \$6,000,000 less than the figure of the same period of 1895.

Battle in Choctawdom.

KANSAS CITY, Oct. 7.—An unconfirmed report from Guthrie, O. T., states a bloody battle between the full-breeds and squaw men occurred in the Choctaw country on Horse creek, in which seven squaws and their white husbands were killed.

Child Nearly Starved.

MARION, O., Oct. 7.—Mrs. Christina Ottmiller brought her 7-year-old daughter to the probate court and told Deputy Burke to keep her. The child was her first husband's. The little girl was nearly starved. She was sent to the infirmary.

Poisoned on Pork.

LIMA, O., Oct. 7.—Great excitement prevails at Cairo, near here, over the illness of a number of persons, the effects of eating pork diseased with trichinae. All the members in one family named Coon are in a critical condition.

Paumecote Coming Over.

LONDON, Oct. 7.—The Central News says Sir Julian Paumecote, the British ambassador to the United States, will sail for New York on the steamer Teutonic on Oct. 21, which is sooner than he intended to leave England.

Prisoner Pardoned.

WASHINGTON, Oct. 7.—The president has pardoned (to restore his citizenship and remit his fine) William A. Bell, sentenced in Iowa to 18 months imprisonment and \$250 fine for fraudulent use of the mails.

Feet Accidentally to a Hay.

MANFIELD, O., Oct. 7.—George Gages, aged 11, while playing near West Park, ran into a plow, injuring himself internally. He died 15 minutes later.

Schools Closed by Diphtheria.

PORTLAND, Ind., Oct. 7.—The public schools of Geneva have been closed because of diphtheria.

VENEZUELAN COMMISSION.

About to Begin Business With a Title of Documents.

WASHINGTON, Oct. 7.—The Venezuelan boundary commission will meet next Saturday for the first time in several months, and it is expected that considerable business will be transacted. At least a large quantity of matter pertaining to the inquiry with which the commission is charged has been collected by the agents who have been engaged all summer in this country and Europe and much of this will be in shape for final consideration. The secretary of the body, Mallet Prevost alone, has carefully examined no less than 700 maps and ancient charts and has succeeded in dividing them into several groups for easy comparison, as to general features.

Professor Baar and Mr. DeHaan of Johns Hopkins university have been very successful in the collection of records in Great Britain and Holland, and hope to report upon their branch of the work about the 15th inst., while the individual members of the commission have spent much time in the preparation of reports on special lines. Mr. Baar reports that he was treated with the greatest courtesy in his work of searching and comparing the British records. The foreign office placed at his service an expert clerk, and he, with Mr. DeHaan were allowed the use during his absence in America of the private office of Mr. Chamberlain.

A NEW COUNTRY.

It Is Ready For America's Trade Only For the Seeking.

SAN FRANCISCO, Oct. 7.—"There is the only new country in the world today and its trade may be America's for the seeking." Major J. C. Pangborn, who has just reached the city to receive Prince Hilkoff, Russian minister of railways, placed his hand over that portion of the map of Asia, on which is shown Mongolia, western Manchuria and eastern Siberia, as he spoke.

Major Pangborn left St. Petersburg to arrange for the visit of the Russian minister, who comes to America to inspect the railway system at the express command of his royal master. Unlike the average minister, he has traversed the entire realm, traveling the 4,000 miles from the present terminus of the Great Trans-Siberian railroad to Vladivostok that he might know personally just what kind of a country is Eastern Siberia. His tour of this country will occupy his time to Nov. 4, when he sails for home by the St. Louis from New York.

OVER A HUNDRED DEAD.

Disastrous Were the Recent Floods in Sinaloa, Mexico.

GUADALAJARA, Mex., Oct. 7.—Overland advices received here from the Port of Mazatlan state that the damage wrought by the recent floods in the state of Sinaloa was much greater than at first estimated. All the rivers in that state were flooded out of their banks, and a number of villages and farmhouses were washed away.

Over 100 bodies have been recovered and identified. Many people are missing. The damage to shipping interests is believed to be very great. A full report of the damage done has been forwarded President Diaz and a public appeal made for funds to relieve the wants of the storm sufferers.

She Ought to Know.

SAN FRANCISCO, Oct. 7.—Miss Virginia Fair denies absolutely that she is to marry H. Maitland Kersey of New York. The report of their engagement comes as a rumor from the eastern metropolis, with the addition that Kersey is now endeavoring to secure a papal dispensation, which the report says is the only obstacle. Miss Fair when seen said she knows Kersey only slightly and there is absolutely no foundation for the rumor of the engagement between them.

Fears For the Steamer Hope.

ST. JOHN'S, N. F., Oct. 7.—Much anxiety is felt here regarding the Peary expedition steamer Hope, which is now considerably overdue from Sydney, Cape Breton, where she loaded coal for this port after landing the members of the expedition. The uneasiness is all the greater because just two years ago the steamer Falcon, Captain Bartlett, a brother of the Hope's commander, foundered with all hands, while returning here from Philadelphia with a similar cargo.

May Prove to Be Murder.

LAFAYETTE, Ind., Oct. 7.—The condition of Michael Moran, who was shot by Adolph Stoll last week while trespassing on the latter's premises, near Elston, a suburb of this city, took a sudden turn for the worse and death is a question of a few hours. Stoll, who is out on bail, will be returned to jail and murder charged against him. Both are well known citizens.

Freight Agent Missing.

KANSAS CITY, Oct. 7.—It is the general belief of friends that J. F. Watkins, for the last 10 months local freight agent of the Chicago Great Western railroad, is dead. Nothing has been seen of him since about noon Friday. Watkins has three brothers, one in Omaha, one in Shant Lake, Minn., another in Arab Lake, Wis. They have been notified.

Colonel Toddhunter Dead.

LEXINGTON, Ky., Oct. 7.—Colonel Robert P. Toddhunter, one of the oldest and wealthiest breeders of trotting horses in Kentucky, died here yesterday morning. He bred many famous horses.

AN APPEAL FOR AID.

Cry From the Storm-Stricken People in Florida.

DEATH LIST DAILY INCREASING.

The Condition of the People in the Storm District Is Appalling, and Their Is Urgent Need of Aid to Prevent Starvation. They Are Without Food, Clothing or Shelter.

JACKSONVILLE, Fla., Oct. 7.—Every report in regard to the storm increases the death list and the estimation of the property lost. The condition of the people in the storm district is appalling, and there is urgent need of aid to prevent starvation. Advices from Baker county say: The suffering in this county is great from the effects of the storm. It is estimated that the total loss aggregates \$250,000. Oculito's loss is about \$30,000.

The Baker county commissioners have issued an appeal to the governor advising and petitioning him to devise some means to assist the suffering people of the county in their sad affliction. The people are in destitute circumstances, without shelter to cover their heads, without food to appease their hunger, and a great many are without a change of clothing. They suggest an earnest call to neighboring counties to come to their aid, or, if necessary, a call for an extra session of the legislature.

A special from Oldtown, Lafayette county, says: The storm was the worst ever seen in that section. Every dwelling in the neighborhood was blown down, also barns, stables and all the fencing around the fields.

TRAMPS FOULY MURDERED.

Those Caught Stealing a Ride on Cars Deliberately Killed.

NEW YORK, Oct. 7.—A special dispatch from New Haven to The Evening World says that the police of that city believe that brakenmen of the Consolidated railroad have been ruthlessly murdering tramps caught stealing rides on cars of that line. It is asserted that 10 bodies, all mangled by being run over by trains, have been found on the tracks of the Consolidated within the last six months.

The dispatch states that a man named Moloney, from Brooklyn, was shot twice and thrown from a train by the train hands, but survived his injuries and has given information to the authorities which led to the arrest of a brakenman named Bean. The latter, according to the story, confessed to the superintendent of police of New Haven that the trahmen made it a practice to kill tramps found on their cars.

SOUTH AMERICAN TRADE.

The United States Can Not Compete With England Just at Present.

NEW YORK, Oct. 7.—Among the passengers who reached this city yesterday on board the American line steamer New York was Secretary G. W. Fishback of the American legation at Buenos Ayres, in company with a party of 15 American manufacturers, who had been studying commercial interests in South America.

Secretary Fishback said that at the present time it was impossible for the United States manufacturers or merchants to compete with the English in the great commercial centers of South America. The English have establishments in every center and ships to transport the goods hither and thither.

TWO BRAKEMEN INJURED.

Bad Freight Wreck on the Pennsylvania Railroad Near Donohue Station.

PITTSBURG, Oct. 7.—At 4:30 o'clock yesterday morning extra freight train No. 1317, eastbound, on the Pennsylvania railroad, broke in two near Donohue station. The two sections collided, and 14 cars of merchandise were wrecked.

Brakeman Mike Holiday was probably fatally injured. Another brakeman, name not learned, was also badly hurt. Neah Greenwood, a resident of Homewood, who was riding on the train, had his right arm cut off. An unknown colored man, stealing a ride, was instantly killed. The body of another tramp was taken from the wreck.

ATE POISONED FISH.

Seventy Cases in All Are Reported From Merrill, Wisconsin.

MILWAUKEE, Oct. 7.—Cases of poisoning from eating smoked white fish continue to be reported. Three deaths thus far have taken place at Merrill, Wis., where Albert Radloff, Gus Krueger and a man whose name is not given succumbed. Krueger died yesterday.

Radloff's father and two children of the family are very ill from eating the fish. Several others in the town are in a critical condition. Altogether 70 cases of poisoning are reported at Merrill. Four more cases are reported here.

Finding a Place For Carl McElhinney.

WOOSTER, O., Oct. 7.—An effort will be made by citizens here to place Carl McElhinney, the boy murderer, and his brother, in the soldiers' and sailors' home at Xenia.

SAN FRANCISCO, Oct. 7.—The forest fires about Pasadena are growing. The Echo Mountain hotel and Mount Lowe railroad house are surrounded and are in extreme danger of being burned. The Lowe observatory is as yet safe, but may not live through the fires, which are almost beyond control.

DEMOCRATIC TICKET.

President,
WILLIAM JENNINGS BRYAN,
of Nebraska.

Vice President,
ARTHUR SEWALL,
of Maine.

Congress,
W. LARUE THOMAS,
of Mason.

The County Judge of Bourbon County, a Republican, refuses to recognize the Palmer and Buckner crowd as Democrats. One of them had been appointed as an election officer, and the Judge has removed him. The bolters are finding out just "where they are at."

The Republican Executive Committee of the Lexington Congressional district refused to gratify the wishes of Judge Denny and his friends and order a convention. It is now believed that Col. Willie Breckinridge's name will be placed under the Republican emblem on the official ballot, and if that is done it will go there as the nominee of the g. o. p. What Judge Denny and his friends will do to such a ticket will be a plenty.

We are in receipt of a letter from Mr. Hard, of Portsmouth, notifying us that we have been selected as one of the Vice Presidents for the Republican all-day meeting at that place October 13th, which Senator Sherman and other Republican speakers, among them Judge Wadsworth of this city, will address. Evidently Mr. Hard has lost his bearings, and doesn't know just "where he is at." If he takes this plan to get a free ad. in Mr. Sherman, he's welcome to it. We respectfully decline the invitation to preside as "one of the Vice Presidents."

"Melt a gold dollar and it will still be worth a dollar; melt a silver dollar and it will be worth only 53 cents," says the gold standard advocate. If a silver dollar had been melted in 1873 before it was demonetized it would have been worth 103 cents.—BULLETIN.

Exactly. And that's just what had been done with all the silver dollars up to 1873. They had been melted down because there was a profit to the melter.—Public Ledger.

So you admit that a silver dollar was worth more than 100 cents under free coinage. Now you ought to quit ranting about "fifty-cent dollars," "debased currency," &c.

"SOUND MONEY."

"Our opponents say: 'We want sound money.' What would you think of a carpenter who tried to build a house upon an invisible foundation? And yet they want to build up commercial transactions of this country upon a little lump of gold, regardless of the fact that foreigners hold a string to the gold, and can jerk out the foundation of our commerce. [Applause.]—W. J. Bryan.

THIS ADMITS ALL THAT DEMOCRATS CLAIM.

The platform adopted by Indiana Republicans in 1890 contained the following significant declaration on the subject of coinage:

"We cordially commend the action of the Republicans in Congress on the subject of free coinage. The law recently enacted was passed in spite of persistent Democratic opposition. Under its beneficent influence SILVER HAS RAPIDLY APPROACHED THE GOLD STANDARD OF VALUE, FARM PRODUCTS ARE ADVANCING IN PRICE and commerce is feeling the impulse of increased prosperity. It will add more than \$50,000,000 annually of sound currency to the amount in circulation among the people, and is a long yet prudent step towards free coinage."

FREE SILVER.

It Would Give Protection to American Industry at Home and Abroad.

New York, October 3.—A London cable to the Evening World is as follows:

"The World correspondent examined to-day a file of the Financial News in its office here and found the following statement in an editorial in its issue of April 30th, 1894:

"There can be no doubt about it that if the United States were to adopt a silver basis to-morrow British trade would be ruined before the year was out, for American industry would be protected, not only at home, but in every other market."

The World is not supporting Mr. Bryan in this campaign.

OUTLOOK BRIGHT.

Democratic Leaders Regard Bryan's Election Absolutely Certain.

The New York World, Anti-Bryan, Says He Has His Fight Won.

NEW YORK, Oct. 2.—In an open letter to-day, addressed to Major McKinley, the World practically concedes the election of Mr. Bryan. The only hope remaining to the Republicans, the World says, is for McKinley to assume a hostile attitude toward the trusts and monopolies; but as this alternative is, in the very nature of things, an impossible one, the qualification is immaterial.

"Beneath the noise and smoke of the campaign," says this organ of Republicanism, "the quiet, steady progress of fusion recorded from time to time in a paragraph hidden among columns of speeches has attracted attention. Yet it now presents a very different aspect from that of a few weeks ago. The Republican hope was high on account of Democratic and Populist dissensions. Now that hope has dwindled to a few faint and fading glimmers from a few States that are normally Democratic by large majorities.

"Fusion has, to a reasonable certainty, added Alabama, Kansas, Nebraska, North Carolina and Tennessee—fifty-two electoral votes—to the forty-six electoral votes of Arkansas, Colorado, Idaho, Mississippi, Montana, South Carolina, Utah, Washington and Wyoming that were already assumed to be reasonably safe for silver. It has presumably, given 60,000 Populist votes in Illinois, 25,000 in Indiana, 30,000 in Iowa, 20,000 in Kentucky, 40,000 in Missouri, 30,000 in Virginia and 35,000 in Minnesota toward making good the losses from the defection of sound money Democrats and toward swelling the necessary of free silver Republicans.

"In brief, fusion has made it necessary that there shall be enormous Democratic defections from the free silver ticket if Mr. McKinley is to have even a respectable majority of the electoral votes. For even if he gets every State east of the Mississippi and north of the Ohio and the Potomac, which includes Delaware and Maryland, and gets West Virginia, also, he still needs two votes to make the necessary majority.

WASHINGTON, D. C., October 5.—The Democratic Congressional Committee has received a poll of Kentucky at the end of September, which shows that Bryan's majority will not be less than 20,000, not counting the Republicans who will vote for free silver. This vote, it is estimated, will swell the Bryan majority to 30,000. It shows there are less than 15,000 gold Democrats in the State, and this the Populist vote will more than offset.

Reports from Ohio received during the week are of the most flattering character. From nearly every quarter in the State estimates have been made and they indicate that Mr. Bryan will carry that State by not less than 25,000 majority.

Taking the reports from the Central Western States by the committee and adding them to the States conceded by the Republicans, the Democratic managers claim the following States as absolutely certain for Bryan: Alabama, Arkansas, California, Colorado, Florida, Georgia, Idaho, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Montana, Nebraska, Nevada, North Carolina, North Dakota, Oregon, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Washington, Wyoming, West Virginia, Delaware, Maryland, Minnesota, Michigan, Iowa, Illinois, Indiana and Ohio—giving Mr. Bryan a total of 317 electoral votes.

At Populist headquarters to-day a letter was received from F. S. Fitzsimmons, Chairman of the People's Party Committee, in which the belief is expressed that Ohio will be carried by Bryan. The letter is dated Cleveland, and says that the labor vote in that section is strongly for Bryan. The reports from various sections of the State, he says, are favorable, and that if the silver sentiment throughout the country is anything like as strong as it is in Ohio the fight is already won. He says that in Ohio the campaign is being managed by the plain people, and the politicians are out of a job.

WASHINGTON PLANTED IT.

A Precious Magnolia Tree in the White House Grounds Blown Down.

WASHINGTON, Oct. 7.—An additional sad reminder of the wrecks wrought by the tornado of last week comes in the knowledge of the destruction of the most precious relic that adorned the historic grounds of Mount Vernon, it being no less than the wrecking of a magnificent magnolia tree that was planted by George Washington and has withstood until this time the gales of a century's duration.

This tree, planted in the very year of the death of the good father of his country, presented a most exposed front to the storm and suffered badly in the general wreckage. An effort will be made to revive the grand old magnolia.

Scrofula

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this: "In September, 1894, I made a misstep and injured my ankle. Very soon afterwards,

A Sore

two inches across formed and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on and I thought I should have to give up at every step. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Foot

is now well and I have been greatly benefited otherwise. I have increased in weight and am in better health. I cannot say enough in praise of Hood's Sarsaparilla." Mrs. H. BLAKE, So. Berwick, Me.

WHEN SHERMAN WAS HONEST.

Legislation Alone Gives Value to the Precious Metals.

When John Sherman thought less of self and more of his country, and when he was less subservient to the money power, he wrote as follows in a report made to the United States Senate June 9, 1893. All his sophistry of to-day cannot weaken the force or cloud the truth of what he then said:

The annual supply of the precious metals has little or nothing to do with their value. What is it, then, that affects their value chiefly? Is it the demand? What is it that constitutes the demand for gold? Is it for the use in the arts? Very little of it can be used. Therefore, it is its use as money that creates a demand for it and gives it its value. If all the European States and our country were to-day to demonetize gold and remonetize silver would these two metals immediately change places? Now, if this be true, what is it that creates the value of the precious metals? It is legislation. Legislation gives value to the precious metals and the commercial value simply records the condition of legislation with reference to the precious metals. Now, if legislation creates the chief demand for money, if we legislate so as to utilize silver, we increase the demand and thus increase the value of silver.

Labor Organizations All For Bryan.

Portsmouth Times: "Can you name a labor organization that has endorsed McKinley? Not one; but you see as advocates of the election of Bryan nearly every labor leader in the country. Is it any wonder the advocates of a government by Mark Hanna, the labor-crusher, are frightened? Even Ohio is in the balance. So doubtful is this State that Burrows, of Michigan, is sent out of his own State to help to save it. The Ohioans are aroused, and without money to make a canvass, the people are threatening to sweep it into the Bryan column."

Seems as if all things we like disagree with us, and all the things we don't like agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion, particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

"A Yankee Drummer."

Frank Jones who appeared at the opera house last evening in his new play entitled "A Yankee Drummer" well sustained his reputation as a comedian far above the average. His character of "Simon Hummer" is full of quaint and eccentric sayings, keeping the audience in a constant uproar. Miss Lillian Walton ably took the part of "Zana." The specialties rendered by "SI" and "Zana" were as good as we ever saw. It is one of the strongest companies we have had in many a day.—Zanesville Times.

Your Best Buying Interest

Centers here, as we pledge a just equivalent for every dollar you spend with us. DRESS GOODS FIRST.—Have you seen our stock? When we tell you it is the largest in town, with every novelty of the season at least represented, don't take our word for it. Come, see, prove the statement is true, without a glint of exaggeration. Give us a chance to show you the following double fold, all wool Novelty Suitings, nobby, effective and in charming autumn colors, only 25c. Forty-inch all wool Jacquards, in the predominating tints of green, blue, brown, etc. Wonders of cheapness at 40c. Scotch Plaids in Rob Roy colors, all wool, silk striped, handsome for waists or the stylish plaid skirts, 75c. Boucles, ultra fashionable, heavy, crisp, lustrous as silk. Models of superb, exclusive style, 1.00, 1.50, 2.00. Checks, the ever-popular, in black and white, blue and white, brown and black and other tasteful combinations, 25c., 40c.

DRESS PATTERNS.—No two alike, with each style confined to us in this section. Black, colors and various weaves represented, each with the importer's stamp of elegance. Per suit, 4, 5, 6, 8, 10, 12 and 14 dollars.

THAT WINTER WRAP.—Don't buy it before a visit to our cloak room, for we're equipped to serve you to your perfect satisfaction. Realizing that quickly changing styles make cloak buying a frequent necessity and high priced wraps consequently impracticable, our garments this year are nearly all at popular prices. For 3.50, black Beaver or Boucle box-front Reefers, trimmed in large buttons. Black Beaver Capes, braid trimmings, graceful sweep. For 5.00, Korean, Camel's hair, Beaver and curled Astrakan fly-front coats. Colors navy and black. The same materials and colors in Capes. Some are trimmed in three rows of silk braid. For 7.50; high grade Melton and Boucle Coats and Capes in black, navy and brown, with large and small combination button trimmings. For 10.00, high button shield front and double-breasted coats, navy, tan, black velvet collars, button and silk frog trimmings. Capes in Broadcloths and Boucles. Braid, button, satin and velvet trimmings.

HERE AND THERE.—Pure silk Watch Guards, silk slide, in black only, 10c., 15c. Louisiana, cotton cloth for waists, shirts and wrappers, extra heavy, solid and figured, black and colored, thirty-six inches wide, 10c. a yard. Cotton Tape 2 1/2c. a bolt. Corset Laces, 2 1/2 yards long, three for 5c. Jet head Shawl Pins, 3 for 5c.

A NOTED ORATOR COMING.

Rev. Alexander Kent To-morrow Night.
Hon. W. A. Byron's Speech Last
Night—Campaign News.

Rev. Alexander Kent, pastor of the People's Church in Washington City, and who was a delegate to the Populist National convention in July, will address the people of Maysville and vicinity at the court house to-morrow night at 7:30. Hon. J. D. Kehoe writes that Mr. Kent is a great worker in labor organizations and a most eloquent speaker. All should hear him.

Hon. W. A. Byron, of Brooksville, addressed an enthusiastic crowd that comfortably filled the court house last night. He said he had always believed in the true principles of Republicanism, and he had been taught by McKinley himself that free coinage was right, and read extracts from speeches by McKinley in favor of free silver. Mr. Bryan said he refused to follow the little coterie of monopolists and gold bugs that captured the Republican National convention, and would vote and work for Bryan and free coinage.

PUBLIC SPEAKING.

Campaign Chairman Taylor makes the following announcements of public speaking:

Plumville, October 9th—Mr. C. Burgess Taylor.
Maysville, court house, October 11th—Mr. B. W. Blair, of Cincinnati.

ROBERT J., 2:01, the old time champion, Star Pointer 2:02, the pacer that forced John R. Gentry to his record of 2:01, and Frank Agan 2:03, the iron campaigner, will make a thrilling race in the free for all at the Lexington trotting race.

Who will win the \$5,000 Transylvania, America's greatest trotting race at Lexington, October 8th. The best trotters from Maine, Massachusetts, New York, California, Ohio, Indiana, Texas, Michigan, Minnesota, Iowa, Nebraska, etc., will start.

At the annual election held Sunday at the Paris Christian Church to elect a pastor for next year, Rev. J. S. Sweeney was chosen by the largest vote ever cast. With January 1, 1897, Rev. Sweeney will enter on his twenty-seventh successive year as pastor of the Paris Christian Church.

It is probable that the L. and N. Railroad will run special trains during the Lexington trots, October 6th to 16th, allowing people on both the Kentucky Central, and Louisville and Lexington divisions to return home in the evening after seeing the races. One fare for round trip.

The State Treasurer has turned over to State Superintendent Davidson checks for \$262,288 to pay the common school teachers and the County Superintendents of Kentucky. This money will be turned over to the County Superintendents, and by them distributed. In addition \$62,000 will be distributed to the city school boards of Covington, Lexington, Newport and other cities. Louisville will receive \$35,000. This is one-fifth of the annual appropriation.

THOMAS R. HAUGHEY.

Death of One of Fern Leaf's Well-known Farmers, After a Lingerin Illness.

Mr. Thomas R. Haughey died this morning at 2:30 o'clock at his home near Fern Leaf. He had been ill a year or so with some disease of the stomach, thought to be cancer.

Deceased was in the seventy-first year of his age, and was one of the county's industrious farmers. His wife survives, with three children.

The funeral will occur to-morrow at 2:30 p. m., at the family residence.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

THE FISCAL COURT.

The Regular Semi-Annual Term Convened Tuesday.

Claims Allowed and Other Business Transacted—Free Turnpike Matters.

The October term of the Mason Fiscal Court convened Tuesday, Judge Hutchins presiding and all the Justices present.

The Turnpike Commissioners were ordered to pay off the indebtedness of the Kenton Station pike and convey the toll-gate house and other improvements to any purchaser thereof. The lease of said premises was on motion surrendered to C. W. Forman.

Squires Miller, Hook and Melvain and County Attorney Adair were appointed a committee to audit claims.

The Germantown and Lowell Turnpike Company and stockholders of same tendered said road to the county on condition that the county assume the indebtedness on said road, and keep same in repair and free of toll. The offer was rejected by a unanimous vote.

The Orangeburg and North Fork turnpike was also tendered to the county. Proposition rejected.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1.

In the Fifth ward two registered as Populists.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

LOUISVILLE TOBACCO MARKET.

Prices For All Grades of Burley Decidedly Stronger—Receipts and Sales Light the Past Week.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2,771 hbls, with receipts for the same period 1,187 hbls. Sales on our market since January 1st amount to 135,237 hbls. Sales of the crop of 1895 on our market to this date amount to 130,556 hbls.

Receipts and sales have been lighter the past week—receipts especially so. Stocks on our market were reduced last month nearly 2,000 hbls. Prices for all grades of burley tobacco except common off colored trash, have been decidedly stronger and sellers as a rule have been well pleased with prices.

The following quotations fairly represent our market for burley tobacco (1895 crop):

Trash (dark or damaged).....	\$ 1 00 @ 1 50
Common colory trash.....	2 00 @ 3 50
Medium to good colory trash.....	3 50 @ 5 00
Common lugs, not colory.....	2 00 @ 3 00
Common colory lugs.....	4 00 @ 6 00
Medium to good colory lugs.....	6 00 @ 8 00
Common to medium leaf.....	5 00 @ 7 00
Medium to good leaf.....	7 00 @ 12 00
Good to fine leaf.....	12 00 @ 15 00
Select wrapery leaf.....	15 00 @ 25 00

The above quotations are not applicable to green and frosted crops.

Few Appreciate the Dangers

to which the expectant mother is exposed as she presses to her heart her babe, and the dread with which she looks forward to the hour of approaching motherhood. By the use of

"Mother's Friend"

the body is made to yield pleasantly and without internal protest to the change it is undergoing. Headache and nausea are dispelled, the depressed and nervous feeling yields to one of pleasant expectation. Danger to life of both mother and child is avoided, and she passes through the ordeal quickly and her recovery is rapid.

"I know one lady, the mother of three children, who suffered greatly in the birth of each, who obtained a bottle of 'Mother's Friend' of me before her fourth confinement, and was relieved quickly. All agree that their labor was shorter and less painful." JOHN G. POLMILL, MASON, GA.

Frank Ives' Liberal Offer.

New York, Oct. 7.—Frank Ives, the champion billiard player, has sent a remarkable challenge to the great French players, Vignaux, Piot and Fournil. He offers to play them a series of three games, 18-inch Balk line, 6,000 points up for \$1,000 up to \$10,000 a side. If any one of them win a single game Ives will lose the match. He leaves to them the privilege of selecting the place of contest.

FOUGHT IN OPPOSING ARMIES

Two Brothers, Long Separated, at Last Discover Each Other.

RUSHVILLE, Ind., Oct. 7.—A happy reunion of brothers, who had been separated for 37 years, has just occurred in Franklin county, west of Laurel. In 1850 Peter Meid and Christian Meid, German lads, landed at New Orleans, intending to take a boat for Cincinnati. Unmused to the bustle of city life, the German boys lost their way in New Orleans, and later separated in some unaccountable manner.

Christian Meid, when the boat left the wharf, was aboard, but his brother was not. The elder Meid continued his trip to Cincinnati, and there waited several weeks, expecting each successive boat from the Crescent City to contain his brother. But Peter came not. The latter had boarded the next boat after the one taken by his elder brother. Thinking that the latter, on missing him, would likely get off at the first station, and either wait or return to New Orleans, Peter accordingly alighted at Natchez.

Not finding Christian, his brother, he returned to New Orleans, and for months searched for him, until all his money had vanished, when he sought work and finally decided to locate there.

The elder brother came on to Franklin, where he is now a well-to-do farmer. The brother in New Orleans has also prospered. During the war the brothers fought in opposing armies, and in the battle of Chickamauga were in regiments that opposed each other on that bloody field.

It was by a strange accident that they became aware of each other's existence. One of the brothers, Peter, of New Orleans, had contributed liberally to a missionary society, which published his name and the amount of his donation. This pamphlet coming into the hands of Christian Meid, aroused his curiosity as to his connection, if any, with the New Orleans Meid. The correspondence that followed established the relationship of the two men.

BIG FIRE IN ECUADOR.

Fifteen Squares of the Town of Guayaquil Completely Destroyed.

LIMA, Peru, Oct. 7.—It is reported that a terrible fire disaster has occurred at Guayaquil, Ecuador, and that 15 squares of the town had been destroyed, including the most important and valuable edifices in it.

Guayaquil is a bishops' see and has nine churches, a college, a seminary and several convents. Large ships can come up to the town, which is on the west bank of the river Guayas, 40 miles from its mouth. The chief exports from Guayaquil are cacao, Panama hats, hides, cotton, tobacco, calassys and other barks, coffee, etc., valued at upward of \$4,000,000 a year, the imports being even greater in value. The city is also the seat of several manufacturing enterprises. The population is estimated at 40,000.

Telegraphic communication with Guayaquil is suspended on account of the terrific fire in that place. It is reported that half of the city has been destroyed.

Fraudulent to Use a Foreign Label.

St. Louis, Oct. 7.—In the United States circuit court of appeals Judge Caldwell made an important decision regarding the false marking of bottles of spirituous liquors. A revenue officer seized a number of packages of liquor marked "Old Tom Gin, London;" "Cognac Brandy, France," and so forth, all of it having been made by a St. Louis distillery. In his opinion, the judge decided that it was fraudulent for any concern to brand a domestic product with a foreign label, and that such branded goods were liable to seizure.

The Korean Question Closed.

LONDON, Oct. 7.—A dispatch to The Daily News from Vienna says that the Russian minister at Seoul has been instructed to inform the King of Corea that Russia has no idea of concluding a treaty with Japan for a joint protectorate of his kingdom; that Russia considers Corea as an appendage of Siberia and that the Korean question is closed. This information, says The Daily News dispatch, was communicated to Lord Salisbury during the czar's visit to England.

After Bank Officials.

HOT SPRINGS, Ark., Oct. 7.—Judgments aggregating \$9,780 were rendered in the circuit court against Ed Hogaboom as president of the defunct City Savings bank. Attachments against Hogaboom's property were sustained. A judgment for \$50,000 was rendered in favor of Isaac Staples of Stillwater, Minnesota.

Family of Five in a Runaway.

RUSHVILLE, Ind., Oct. 7.—A carriage containing a family of five was wrecked last night in a thrilling runaway, and the following were injured: Mrs. Bray, dangerously bruised about the body and limbs; Effie Bray, 18, head crushed; Jasper Bray, left arm broken. A bicycle frightened the horse.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
